- **Industrial Deliveries**
- **Contract/Scheduled Deliveries**

Rapid Delivery Service offers many levels of service. Our standard services are:

Supershot (ASAP)

Direct (1 1/2 Hours)

Hotshot (2 1/2 Hours)

Regular (4 1/2 Hours)

All Day (By 5:00 pm)

Like the Turtle and the Hare, Rapid Delivery Service has an unprecedented history of dependable service. On-time delivery, courteous drivers, and the latest in technology have always been the tradition at Rapid.

Founded in 1964, Rapid Delivery Service has been consistently providing professional, on-time delivery. In addition, Rapid Delivery Service has always been innovative in using the latest technology to make our service more reliable and easier for our customers to use. Rapid was one of the first companies to make use of the world-wide web for ordering and tracking.

Our drivers are equipped with Internet-ready radios that communicate directly with our server. This enables up-to-the-minute tracking of your package, as well as enabling you to receive E-mail notification of delivery. You can also arrange for your client to receive an E-mail notification. You and your client know where your package is at all times.
